Internship Description:

BSG Interns is seeking interns for 6-12 month programs at some of the most prestigious private membership golf and country clubs along the east coast of the USA. Interns work in the Food & Beverage or Culinary services area. These are not management positions. Instead, they offer an experience of operational, service, and managerial protocols that are invaluable to the career-oriented student.

BSG offer various start dates each year - in April through October. We offer a full year program and a “split program” where you gain two different experiences, spending 4 to 6 months up north (Ohio, Pennsylvania, New Jersey, Connecticut, New York or Massachusetts), with the other 6 to 8 months down in Florida for the “winter”. The split program offers greater diversity in both cultural and professional experiences, whereas the 12-month option offers a deeper level of those experiences.

Benefits and Expenses:

All internship positions are paid on average $10 per hour, with overtime rates for any hours worked over 40 per week, but your exact rate may vary. You will be informed of your specific pay after interviewing with your potential Club employer. For students working a full year term, total compensation is usually between approximately $18,000-24,000.

BSG does not charge students any fee to apply for positions with its partner clubs, but does offer invaluable support throughout the process. BSG offers advice on your CV and coaching prior to setting you up for an interview with one of our partner clubs. Once an internship is secured, we assist with the Visa process and offer pre-arrival advice and an orientation. BSG provides continued support and also coordinates a slate of American cultural experiences and positive volunteering opportunities.

Students are responsible for the cost of their Visa, if necessary, flight and housing. Housing is often secured by the host Club so you do not have to coordinate it yourself. Students usually share housing with other interns and have the fee deducted from their paycheck.

Qualifications:

- Fluency in English (verbal and written)
- Six months full time, or 12 months part time hospitality experience
- Current university student or have graduated within the last 6 months
- Excellent communication skills
- Flexibility in dealing with co-workers
- Readiness to leave home far behind for a year

How to Apply:

Email us your CV, no more than one-page, which must include a head-shot photo in the top right corner as well as your Skype name for interviews. Also in the body of your email let us know the earliest and latest dates you can begin your program and how long you are looking to stay (6 months to a year). Email: zee@bsginterns.com
